

# Ruhland's Strudel Haus

Ruhland's Strudel Haus is a maker of fabulous hand-made, sweet and savory strudel. Since 2002 we have been a family-run business who is inspired by the belief that food is a celebration and is integrated in our relationship with the Earth and one another. Our hope is that what we make will gather people around the table to celebrate the love and community found in family and friends. Our mission is to create food that brings joy and delight.

The ultimate convenience food, our strudels go from the freezer to the oven and in about 45 minutes you have **Love on a Plate**.

Thank you for supporting our family business.
